

Dear Doctor,

we are pleased to extend to your kind attention the International Symposium entitled:

**INTRAPARTUM SONOGRAPHY:  
A REVOLUTION IN THE DELIVERY ROOM**

That will take place on November 19-20 at the prestigious Auditorium Monzani in Modena, Italy.

This important conference is organized by Ultrasound and Prenatal Medicine Unit, University of Modena and Reggio Emilia.

Presidents of the Symposium are:

Professor Reuven Achiron, Ultrasound  
Medicine Unit, Tel Aviv University, Israel;  
Doctor Vincenzo Mazza, Prenatal Medicine Unit,  
Modena and Reggio Emilia University, Italy.

In attachment the program of the conference. Please spread the information about the event for those interested in participating.

As you can see during recent years accumulating data on Ultrasound and new computerized systems for patient evaluation during labor have emerged.

This symposium is organized in order to review recent novel technologies for patient care during labor.

We hope that this meeting will enhanced the knowledge in this new developing area.

Below the link of the official web site where you can download all relevant information:
