September 2010

Dear Colleagues,

Invitation to the 63rd Annual Congress of the Japan Society of Obstetrics and Gynecology

It is our great pleasure, on behalf of the Japan Society of Obstetrics and Gynecology (JSOG), to invite clinicians and scientists around the world to our 63rd Annual Congress to be held in Osaka from 15 to 17 April 2011. The Congress is expected to attract more than 6,000 participants, both from Japan and abroad.

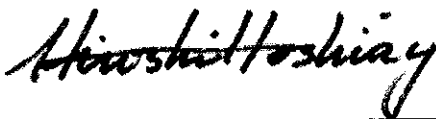

In 1993, the society organized an "International Session" (IS) as part of the JSOG Annual Congress to stimulate academic exchange between Japanese and overseas researchers in the field of obstetrics and gynecology. The IS for the 63rd Annual Congress will take place on Friday, 15 April 2011.

We encourage international delegates to present papers on a variety of topics at the poster session which will be conducted in English. Since last year, candidates for IS Awards have been given opportunities to make oral presentations, and IS Awards will be given to a selected number of foreign participants of the International Session.

IS Good Poster Awards will also be given to a selected number of outstanding papers presented at the International Session.

We warmly welcome all AFOG members to share exciting scientific experiences with participants from all over the world and look forward to welcoming you to Osaka, which is particularly beautiful during the springtime.

Yours sincerely,

Hiroshi HOSHIAI, M.D., Ph.D.
Congress President of the 63rd Annual
Congress of the Japan Society of Obstetrics and
Gynecology

Hiroyuki YOSHIKAWA, M.D., Ph.D.
Chairperson of the Scientific Program Committee
Japan Society of Obstetrics and Gynecology
